

LINEA CHANDELIER

The linea chandelier utilizes rigid horizontal lines to space individual glass shades hung on cloth cord. Light and airy, the fixture has a subdued elegance that can be built to suit specific applications. A variety of glass shades and finishes are available and customizable per project. Hand blown and shaped in lead free crystal. No molds are used, and each glass shape is unique. Designed and made by Siemon & Salazar in California. Signed.

shown in brushed brass and blackened steel with 6.5" Dia. orbs.
horizontal crossmembers are 2', 3', and 4' lengths.
7"canopy. customizable.
